

*Sanctuary Retreat is an accredited
Eco-lodge set in the heart of
lush tropical rainforest
at Mission Beach,
N. Queensland.*

A few things to consider

Sanctuary is a very special and unique place in many ways. We want to provide a clear, honest picture of Sanctuary, so we wish to ask you to consider a few points that will either enhance or detract from participant's expectations.

- Sanctuary Retreat is small and informal. The casual atmosphere encourages guests and staff to be on a friendly first name basis. This type of inclusive environment makes Sanctuary an ideal place for solo travelers as well as couples and groups.
 - While Sanctuary offers a luxurious natural environment, some traditional resort services are not standard here, i.e. there are no porters to transport guest's luggage.
 - The two contrasting styles of accommodation offer two comfort levels in the rainforest, though please be aware that we do not furnish our deluxe accommodation with hair dryers or tea and coffee making facilities. |
 - Sanctuary is in a totally natural environment you will come into contact with a variety of wildlife, including insects. Sanctuary is not a place for arachnophobes.
 - Sanctuary and the accommodation are set high on a ridge on a 50 acre rainforest nature reserve. The hilly and steep terrain makes it important to consider the fitness of all guests at Sanctuary. A 4WD transfer is provided to carry guests and their luggage on arrival and departure, though during their stay guests walk a ten minute forest trail* from the beach and car park to Sanctuary and its accommodation, there are also steps at the entrance to many huts and cabins. For these reasons we do ask you to consider your clientele's expectations and fitness levels, we regret that we are unable to accommodate children under the age of 11 years old.
- *Additional 4WD transfers can be organised at extra cost.
